

Coalition For A Safe Environment

Mission Statement

To protect, promote, preserve and restore our Mother Earth's delicate ecology, environment, natural resources and wildlife. To attain Environmental Justice in public policies & programs, international trade marine ports, freight transportation corridors, petroleum and energy industry communities.

Slogan

“ Protecting Our Environment And Children's Future ”

Organization Purpose

The Coalition is involved in eliminating, reducing and mitigating negative environmental, public health, public safety and community socio-economic impacts caused primarily by:

- * International Trade Marine Ports
- * Petroleum Industries
- * Freight Transportation Corridors
- * Energy Industries
